

Recognition of Chapter Past Presidents and Volunteer Golf Outing

By Anna Sulewski

Volunteerism and active participation is considered to be the foundation of our chapter's success. It is a core value of our chapter and once a year, the chapter celebrates its past presidents and volunteers.

This year's volunteers were invited as guests to participate in a special day of recognition. Volunteers were guests at September's educational program, followed by lunch and an afternoon of golf at Gleneagles Golf Course or of shopping at Aurora Farms Premium Outlets with a provided gift certificate.

Volunteering on a committee provides an opportunity to develop critical leadership skills. This is one of many values the chapter provides to our members in exchange for an annual membership fee.

Please welcome this year's North East Ohio Leadership Team
